

Making new friends, taking part in shared activities, and learning from one another – that is what our mentorship programme is all about. Perhaps you feel in need of a friendly face or would like to help others? Or maybe you are interested in new experiences and an opportunity to develop your personal strengths? By joining our mentorship programme, you can play an active part in developing as a person and shaping the community in which you live. The federal „Menschen stärken Menschen“ programme is designed to bring people together. A wide range of activities are possible under the scheme – from advice on general or educational matters to language tuition, cultural opportunities, and shared leisure pursuits.

Interested? We look forward to hearing from you, regardless of whether you'd like to benefit from mentorship or are able to offer a helping hand to others!
